

Success for All -UK

Dear Publisher

I am writing in connection with my email of 21 September in which I requested materials from Fast Track Phonics, to aid our independent assessors in scrutinising the accuracy of your self assessment currently held on our phonics site. I thought it would be helpful to give you an update.

I can confirm that the assessors are satisfied that the self assessment which you sent us for Fast Track Phonics provides an accurate reflection of the programme and they have raised no issues of concern.

Many thanks for taking the time and trouble to send me your materials.

With best wishes

Winter Rogers
